**Stalls**

Individual stalls will be \$10/night, and must be cleaned by dumping manure outside the gate where staff can pick up with skid steer. \*note: we got the price lowered under the agreement that they would all be cleaned. Large pens are \$10/night per horse, please don't take a large pen for a few horses, leave the larger pens for large groups of horses. You can pay for your stalls when you sign in at the trailer, the secretaries will have envelopes available, or you can do it online when you enter. The Thermopolis committee will not be reserving stalls other than executive committee members, it is first come first serve, please do not move others buckets who put them in pens/stalls. You can pen out and camp, free of charge, in the gravel/grass area by the Armory and east of the baseball fields.

**RV Spots**

The fairgrounds does not have RV spots, but there is electricity available in certain spots around the fairgrounds. You are welcome to hook up to the electricity for \$15/night. Please pay for your hook up when you sign in at the trailer, the secretaries will have envelopes available, or pay online when you enter. There is limited electricity available around the pens south of the arena but the sheep and beef barns both have lots of outlets available. Some outlets may be reserved for the Secretaries trailer, concessions trailer and executive committee members, please do not remove the tape and take these outlets. Contestants must enter fairgrounds from the east side from either the Armory, State Park Headquarters or the entrance directly across from the High School. Do not try and enter off of Springview Street, this entrance is for spectator parking only and you will not be able to get through to the contestant area. Wherever you park and camp for the weekend, please clean up around your area when you leave!
